Tort Claims Against the United States

(Including Motor Vehicle Accidents Involving NRC Employees Acting Within the Scope of Their Employment)

Directive 7.1

Policy (7.1-01)

It is the policy of the U.S. Nuclear Regulatory Commission to establish procedures to cover tort claims against the United States under the Federal Tort Claims Act for damage to or loss of property or personal injury or death caused by the negligent or wrongful act or omission of any NRC employee while acting within the scope of his or her office or employment under circumstances where the United States, if a private person, would be liable to the claimant under the law where the act or omission occurred. The types of claims where the act does not apply are set forth in 28 U.S.C. 2680. The exception that is most likely to apply to NRC employees is— (011)

(a) Any claim based upon an act or omission of an employee of the Government, exercising due care, in the execution of a statute or regulation, whether or not such statute or regulation be valid, or based upon the exercise or performance or the failure to exercise or perform a discretionary function or duty on the part of a Federal agency or an employee of the Government, whether or not the discretion involved be abused.

Approved: December 16, 1992

Policy

(7.1-01) (continued)

The Federal Tort Claims Act definition of "Federal agency" includes the NRC, but does not include any contractor with the United States. The definition of "employee of the Government" includes NRC employees and persons acting on behalf of NRC in an official capacity, temporarily or permanently in the service of the United States, whether with or without compensation. (012)

Objectives (7.1-02)

- To ensure that supervisors and the General Counsel¹ are promptly notified of the facts and circumstances surrounding incidents resulting in damage to or loss of property or personal injury or death caused by acts or omissions of NRC employees while acting within the scope of their employment, and to provide for further investigations by the Inspector General, as deemed necessary. (021)
- To promote the prompt settlement of tort claims not arising out of NRC operations. (022)

Organizational Responsibilities and Delegations of Authority (7.1-03)

The authorities under Sections (031), (032), and (033) may be redelegated in writing, provided copies of the delegation are filed with the Executive Director for Operations or the Secretary of the Commission, as appropriate.

¹Wherever there is a requirement in this directive and handbook for referral to the General Counsel, the matter should be referred in the first instance to the Assistant General Counsel for Administration, Office of the General Counsel.

Organizational Responsibilities and Delegations of Authority (7.1-03) (continued)

General Counsel (OGC) (031)

- Receives reports of accidents and claims on forms described in Part IV of Handbook 7.1. (a)
- Adjusts, determines, compromises, and settles claims that do not exceed \$25,000 under 10 CFR 14.33. (b)
- Consults with the Department of Justice under 10 CFR 14.35 by preparing and presenting a referral or request in writing to the Assistant Attorney General, Civil Division. (c)
- Sends notices of the final denial of claims under 10 CFR 14.37, reconsiders final denials upon request under 10 CFR 14.39, and obtains payment of awards in excess of \$2500 through the Department of the Treasury under 10 CFR 14.41. (d)
- Requests the Inspector General to conduct an investigation when necessary. (e)
- Refers to the appropriate Federal agency under 28 CFR 14.2 any claim that has been incorrectly filed with the NRC and makes agreements with other Federal agencies as to which agency will investigate and decide the merits of a claim when more than one agency is involved. (f)
- Provides legal advice and coordinates litigation with the Department of Justice. (g)
- In the event that a civil action or proceeding is brought in any court against an NRC employee or the employee's estate for

General Counsel (OGC) (031) (continued)

damage to or loss of property, personal injury, or death resulting from the employee's operation of a motor vehicle while acting within the scope of his or her employment: (h)

- Furnishes the United States Attorney for the district where the action or proceeding is brought, and the Branch Director of the Torts Branch, Civil Division, Department of Justice, information concerning the commencement of the action or proceeding and copies of all process papers and pleadings under 28 CFR 15.1. (i)
- Submits a report under 28 CFR 15.2 regarding the question of scope of employment to the United States Attorney, with a copy to the Branch Director of the Torts Branch, at the earliest possible date, or within the time fixed by the United States Attorney upon request. (ii)
- When an NRC current or former employee is being sued or subpoenaed in his or her individual capacity in any Federal or State criminal proceeding, Federal or State civil action, or congressional proceeding: (i)
 - Receives the employee's request for representation by the Department of Justice. (i)
 - Submits a statement to the Civil Division or other appropriate litigating division, Department of Justice, as to whether the employee was acting within the scope of his or her employment, together with a recommendation as to whether representation should be provided. (ii)

Approved: December 16, 1992

Organizational Responsibilities and Delegations of Authority (7.1-03) (continued)

Inspector General (IG) (032)

Conducts tort claims investigations, as needed, upon the request of the General Counsel. Investigates all claims alleging fraud, waste or abuse, and official misconduct, regardless of whether such claims are compensable under the Federal Tort Claims Act.

Chief Financial Officer (CFO) (033)

Effects payment of tort claims of \$2500 or less under this directive and handbook, 28 U.S.C. 2672, and 10 CFR 14.41(a).

Office Directors and Regional Administrators (034)

- Inform employees and supervisors under their jurisdiction of the requirements of this directive to ensure that employees and supervisors comply with the procedures specified in Handbook 7.1. (a)
- Provide each employee-operator involved in an accident while on official travel with a copy of this directive and handbook. (b)

Applicability (7.1-04)

The policy and guidance in this directive and handbook apply to all NRC employees.

5

Approved: December 16, 1992

Handbook

(7.1-05)

Handbook 7.1 provides the procedures to be followed by NRC employees involved in accidents that may give rise to a tort claim against the United States, and by the supervisors of those employees. These procedures apply to motor vehicle accidents and other types of incidents resulting in damage to or loss of property or personal injury or death of third persons.

Part I General

Coverage (A)

The Federal Tort Claims Act waived the Government's sovereign immunity from being sued for the negligent or wrongful act or omission of a Federal employee while acting within the scope of his or her employment only under circumstances where the United States, if a private person, would be liable to the claimant under the law where the act or omission occurred. By listing numerous exceptions, Congress intended that the act would permit suit against the Government only with respect to ordinary common law torts, such as those involving vehicular and other types of accidents.

Scope of Employment (B)

An employee generally is acting within the scope of employment if, at the time of the accident, he or she was engaged in the performance of his or her official duties. If, for example, an employee deviated from the route to or from his or her authorized destination to accomplish a personal objective, or was engaged in some personal activity that was not related to his or her official duties, he or she was not acting within the scope of this employment.

Tort Claims (C)

Tort Claims Against Government Employees (Operating Motor Vehicles) (1)

 If a Federal employee, who was driving a motor vehicle and was acting within the scope of his or her employment, commits a negligent or wrongful act or omission that causes injury or

Tort Claims (C) (continued)

Tort Claims Against Government Employees (Operating Motor Vehicles) (1) (continued)

loss of property, or personal injury or death, the exclusive remedy of the injured party is against the United States.¹ (a)

- Employees should act promptly to complete the reports described in Part IV of this handbook. OGC will then transmit a report on scope of employment to the United States Attorney. If the United States Attorney determines that the employee was acting within the scope of employment, the employee will be provided representation by the United States Attorney's office.
 (b)
- Employee drivers should also make a full report to their supervisors with respect to any citations that were issued for alleged traffic violations. A plea of guilty to a traffic charge could prejudice the United States Attorney's efforts to avoid civil liability under the Federal Tort Claims Act. The United States Attorney's office might wish to represent the employee at the hearing with respect to the traffic charge. If an employee is sued in a State Court or subpoenaed in his or her individual capacity in any legal proceeding, copies of the process and pleadings should be submitted immediately to his or her supervisor who will submit the documents to OGC. If the United States Attorney determines that the employee was acting within the scope of employment, the State Court proceeding will be removed to the United States District Court. (c)

¹Parts II, III, and IV of this handbook describe the procedures with respect to torts involving motor vehicles.

Tort Claims (C) (continued)

Tort Claims Against Government Employees (Not Operating Motor Vehicles) (2)

The injured party, in this type of tort, can proceed against both the employee and the United States or against either. If an employee is sued, the employee should submit a written request for representation by the Department of Justice under 28 CFR 50.15 to his or her supervisor. The request should be accompanied by a report on scope of employment and copies of all process papers and pleadings served upon him or her.

Time Limitations (D)

Those who seek to recover money damages under the Federal Tort Claims Act must present a claim within 2 years after the claim accrues. A claim generally accrues at the time of the accident. In medical malpractice and some other cases involving claimants who did not realize they had been injured, Courts have held that their claims accrued when the injury was discovered. NRC has 6 months from the time a claim is presented to investigate and attempt to settle the claim. If no action is taken within the 6-month period, or if the claim is denied within the 6-month period, the claimant then has 6 months to commence legal proceedings.

Part II

NRC Employee-Operator Procedures

The following procedures are to be followed by an NRC employee-operator involved in a motor vehicle accident while acting within the scope of employment.

Action by Employee-Operator (A)

The employee-operator shall—

- Notify the police as required by local law. Generally, police must be called if there is any personal injury or if property damage is other than minor. (1)
- Obtain the names, addresses, and telephone numbers of persons involved in the accident and of any witnesses, license numbers of all vehicles involved in the accident, and insurance company affiliations. (2)
- Gather as much information as possible concerning the accident so that the information may be included in the accident report (see Section B of this part). Types of information that would be particularly helpful include acts by other parties that may have caused or contributed to the accident and the insurance coverage of other parties. (3)
- Not sign any statement or furnish any information (other than his or her name and address) to persons other than NRC representatives, unless prior approval of the General Counsel is obtained. This does not preclude an employee from showing his or her driver's license or vehicle registration to police or from furnishing any other information, as required, to police, but does preclude admitting negligence. (4)

Approved: December 16, 1992

Action by Employee-Operator (A) (continued)

- File all required reports with State or other official agencies. (5)
- Do nothing to jeopardize his or her insurance coverage. Notify the insurance carrier concerning the accident as soon as practicable, and discuss the accident with the carrier if the carrier so requests. However, the employee-operator shall not sign any document or statement for the carrier without approval of the General Counsel. Automobile liability insurance policies customarily provide that the insured must cooperate with the carrier in the investigation and defense of claims. An employee-operator's liability insurance coverage may inure to the benefit of the Government, even though the employee himself or herself may not be liable for damages because the Federal Tort Claims Act passes on his or her liability to the Government. (6)
- Refer other persons involved in motor vehicle accidents or their representatives (such as insurance investigators) to the General Counsel or obtain their names, addresses, telephone numbers, and other pertinent information (such as insurance company affiliation) and transmit the same to the General Counsel. The employee-operator shall not furnish any document or make any statement to those persons without the approval of the General Counsel. (7)
- Not execute a general release or settlement agreement or sign any other document (other than those required by police), unless prior approval of the General Counsel is obtained. (8)
- With regard to accident reporting— (9)
 - Immediately inform his or her supervisor (by telephone or by telegraph, if necessary) of the accident. (a)

5

Approved: December 16, 1992

Action by Employee-Operator (A) (continued)

- Promptly complete Standard Form (SF) 91, "Motor Vehicle Accident Report" (Exhibit 1 of this handbook) and furnish it to his or her supervisor. All accidents must be reported on an SF 91, even though other parties involved state that no claim will be filed against the Government or its employees or even if only Government personnel, equipment, vehicles, or property are involved. (b)
- Request that witnesses complete an SF 94, "Statement of Witness" (Exhibit 2 of this handbook) and submit the completed SF 94 to the supervisor. (c)

Expeditious Delivery of Process Papers and Pleadings (B)

The employee-operator shall—

- Advise the supervisor immediately (by telephone or telegraph, if necessary) upon the receipt of any papers (including claim letters, process papers, and pleadings) or any information regarding the commencement of a civil action or proceeding against the employee-operator. (1)
- Deliver all papers served upon the employee-operator or attested true copies immediately to the supervisor. (2)

Injured Employee-Operator (C)

The supervisor shall promptly inform the General Counsel if any employee-operator is physically unable to comply with the preceding instructions so that appropriate actions may be taken.

Approved: December 16, 1992

Part III Supervisory Procedures

The following procedures are to be followed by the supervisor (or other person designated by the director of the office or division concerned) when an employee-operator is involved in a motor vehicle accident while acting within the scope of his or her employment.

Forwarding of Information (A)

The transmittal of the information covered by paragraphs (1) and (2) of this section must not be delayed by the supervisor pending preparation of the report as required by Section B of this part.

- Accident Reports. The supervisor shall immediately notify the General Counsel of any accident involving personal injury or property damage and shall promptly transmit (through applicable supervisory channels) to the General Counsel the following completed standard forms concerning the accident. (1)
 - Standard Form (SF) 91, "Motor Vehicle Accident Report" (Exhibit 1) (a)
 - SF 94, "Statement of Witness" (Exhibit 2) (b)
- Expeditious Forwarding of Process Papers and Pleadings.
 The supervisor shall immediately transmit to the General Counsel all information and papers regarding commencement of a civil action or proceeding against an employee-operator. (2)

Approved: December 16, 1992 7

Report on Scope of Employment (B)

In order for the United States to be held liable for damages resulting from a motor vehicle accident involving an NRC employee, the employee must have been acting within the scope of his or her employment when the accident occurred. This matter is determined under the law of the State where the accident occurred. A determination of the scope of employment issue cannot be made merely on the basis of conclusory statements by the employee. Therefore, after the employee has completed Sections I through IX of SF 91, "Motor Vehicle Accident Report" (Exhibit 1), the supervisor shall complete Section X of SF 91 and promptly transmit the form to the Office of the General Counsel.

Approved: December 16, 1992

8

Part IV Reports and Forms

In order to provide uniformity in the reporting of accidents and to facilitate the processing of claims filed under the Federal Tort Claims Act, the following standard forms must be used.

Reports and Forms Applicable to Motor Vehicle Accidents (A)

Standard Form (SF) 91, "Motor Vehicle Accident Report" (Exhibit 1). (1)

SF 94, "Statement of Witness" (Exhibit 2). (2)

In addition to the above reports, the reports listed in Section C of this part also apply to tort claims arising from motor vehicle accidents. (3)

Reports and Forms Applicable to Other Types of Accidents (B)

SF 94, "Statement of Witness" (Exhibit 2). (1)

In addition to the SF 94, the reports listed in Section C of this part also apply to tort claims arising from these accidents. (2)

9

Forms Applicable to All Tort Claims (C)

SF 95, "Claim for Damage, Injury, or Death" (Exhibit 3).
